An Open Letter to the Jewish Community

“... THE TIMES THAT TRY MEN’S SOULS.”

When Thomas Paine wrote these words in 1776, our nation truly lived in trying times. The future was uncertain. Families were divided. Remain loyal or resist the English monarchy? Many saw resistance as the only hope for our new nation.

Today, a new resistance is necessary. Since the inauguration of Donald Trump, our government has torn apart families, threatened the existence of a free press, abandoned our world allies, coddled tyrants, despoiled our natural resources, rewarded the wealthy, demonized the poor and pitted native-born against immigrants and refugees.

But there is another path. We can return our nation to a state of compassion, generosity of spirit and mutual respect by marshalling every possible vote for Democratic candidates for the US House and Senate. Pennsylvania likely will be the key! Every one of us can play a role in the Democratic Jewish Outreach of PA's drive to place this advertisement in leading newspapers and on-line. Together, in these trying times, we can make America sane again.
